

## OFFICIAL STATEMENT FROM MÉXICO REPUBLICANO

### MÉXICO REPUBLICANO DEMANDS JUSTICE AND CONDEMNS THE IMPUNITY OF 'EL MAYO' ZAMBADA.

Mexico City, February 23, 2025

#### **To the Mexican society:**

México Republicano strongly condemns the crimes against humanity that have been systematically and continuously committed against the civilian population for decades. These acts have always been subject to the most severe sanctions and must be confronted with the full force of the law.

For the past 50 years, the leader of the Sinaloa Cartel, Ismael “El Mayo” Zambada, has waged war against both the state and Mexican society. Despite the narcoculture’s attempts to glorify these figures, the reality is that his criminal activities have left tens of thousands of direct victims and contributed to the deaths of hundreds of thousands more through the sale and distribution of drugs.

In this context, any ruling issued by the American justice system regarding this individual will undoubtedly reflect the magnitude of the crimes committed. Zambada himself has acknowledged his leadership within this criminal organization, further reinforcing the necessity of a judicial process that ensures a fair and exemplary sentence.

México Republicano maintains that it is imperative to allow the United States to prosecute this criminal, given that for more than five decades, Mexican authorities were incapable of even locating him. This situation not only highlights the abandonment of one of the fundamental duties of the state but also reflects a concerning operational inability to confront such crimes.

Now, with his capture and submission to justice, it is essential that the legal process runs its course. Should the most severe penalties be imposed, we are convinced that the vast majority of the informed public will agree that they are more than deserved.

Sincerely,

**Liberty, Greatness, and Strength.**
