

OFFICIAL STATEMENT FROM MÉXICO REPUBLICANO

MÉXICO REPUBLICANO CONDEMNS THE POLITICAL PERSECUTION OF MARINE LE PEN

Mexico City, March 31, 2025

From this platform, we express our full solidarity with **Marine Le Pen** in light of the censorship she has been subjected to and the sentence imposed upon her—one that is, in all respects, politically motivated and electorally driven. The steady rise of her political movement pointed clearly toward an eventual electoral victory, which appears to have prompted actions aimed at deliberately obstructing such progress.

The evolving political landscape in the West—underscored by events such as the rise of Donald Trump—had made it increasingly likely that **Marine Le Pen** could assume leadership of the **French Republic**. The measures taken by President Emmanuel Macron fall squarely within the realm of undemocratic repression, and as such, must be firmly condemned by all who uphold the principles of the rule of law and representative democracy.

The suspension or manipulation of democratic processes for political or factional gain can only result in a profound and unprecedented institutional crisis in the Western world.

Accordingly, we demand, first, the immediate release of Marine Le Pen and the cessation of all legal proceedings against her; and second, that she be allowed to run for any elected office for which she legally qualifies. Should this not occur, it is foreseeable that the political movement she represents will continue to grow—despite attempts at repression.

Sincerely,

“Liberty, greatness, and strength”
